Kendall O'Brien: Grants

## **Shoe Fundraising Email**

It's time to Rethink Fundraising and we're looking forward to working with you to help you reach your fundraising goals! With a shoe drive fundraiser there's no need to ask for money or sell out of a catalog. All you do is ask your supporters to clean out their closet and collect gently worn, used and new shoes. Check out the attached one sheet to see how our partners are using their fundraising check!

Here are the metrics for success for a shoe drive fundraiser with us with no out-of-pocket costs:

Your goal is to engage your supporters and community to collect 100 bags filled each with 25 pairs of gently worn, used and new shoes, which will raise on average \$1,000.

You will need, roughly, a 10' x 10' storage space to store the shoes until pickup. We will pick-up the shoes within 1 to 45 days of completion.

There is no cap to what you can earn. You will earn \$0.40 per pound for the gently worn, used and new shoes collected. However, you may be charged a \$250 freight cost if you do not achieve your fundraising goal, but this is not an out-of-pocket expense.

We supply you with everything from collection materials to marketing templates with NO out of pocket costs! Please take a moment to review the one-sheets attached, they will help you present to your team or help you as you make your decision to move forward with our fundraiser.
